2012中国国际塑料橡胶 注射成型工业展览会

2012 China International Exhibition on
Plastics and Rubber Injection Moulding Industry

2012中国国际塑料原料 及改性技术展览会

2012 China International Exhibition on Plastics Materials
and Modified Technologies

专注于在应用领域的发展
服务于汽车、电子、电器、
家电、医疗等行业

It focuses on the application in automobile,
electronics, electrical appliances, household
appliances, medical devices.

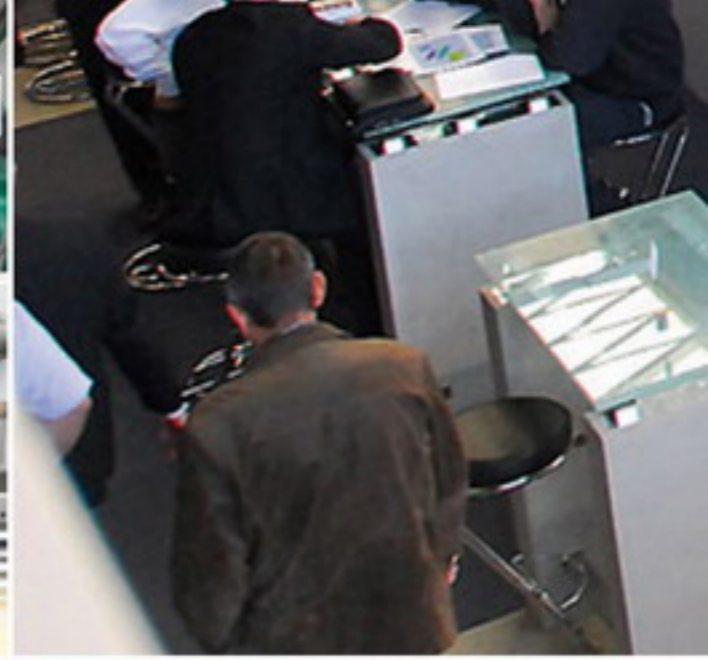

2012年10月18-20日

中国·天津·滨海国际会展中心

October 18-20, 2012

Binhai International Convention & Exhibition Centre, Tianjin, China

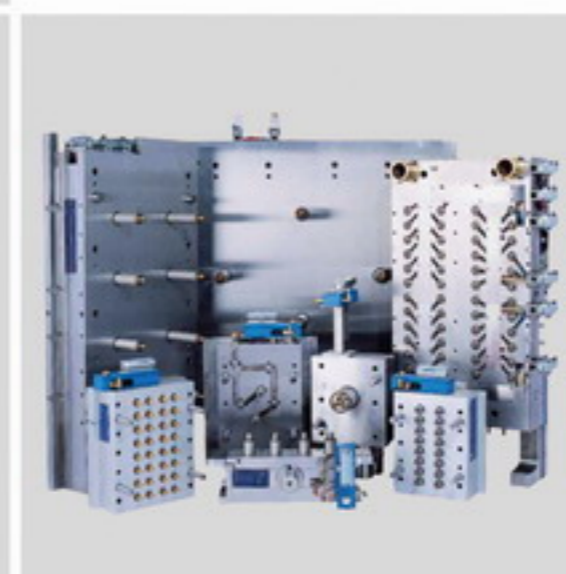

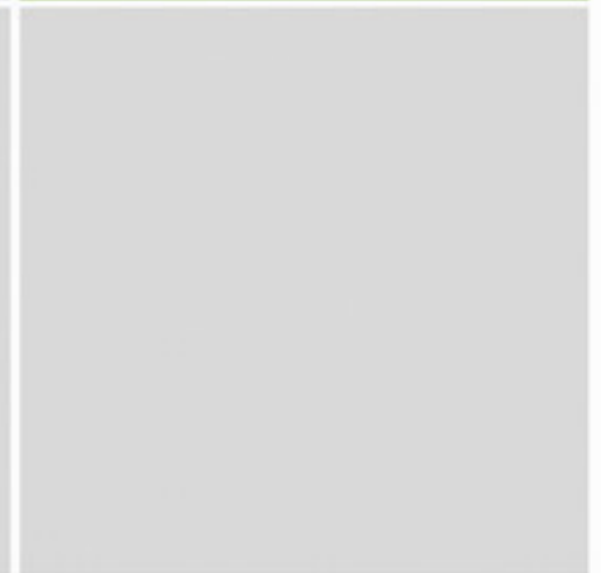

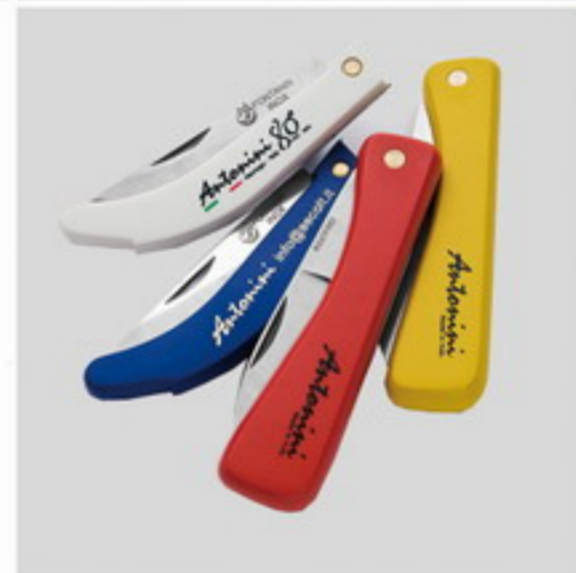

CIM展出内容 Exhibits of CIM

- 1、塑料及橡胶注射成型设备
Plastics & rubber injection moulding machines
- 2、塑料及橡胶注射成型相关辅助设备：机械手、干燥机、冷水机、模具及零部件等
Auxiliary equipments: robots, dryers, chillers, feeder and auxiliary equipments, moulds, etc.
- 3、塑料及橡胶注射成型生产技术、工艺
Plastics & rubber injection process/moulding technologies
- 4、塑料及橡胶原辅材料
Plastics and rubber materials
- 5、塑料及橡胶添加剂、色母粒等
Plastics and rubber additives, color masterbatch, etc.
- 6、塑料及橡胶成品及半成品
Plastics and rubber semi/final-products

新技术 新装备 新
The Latest Technologies, Machi

新材料 新应用

Plastics, Materials, Applications

CPM展出内容 Exhibits of CPM

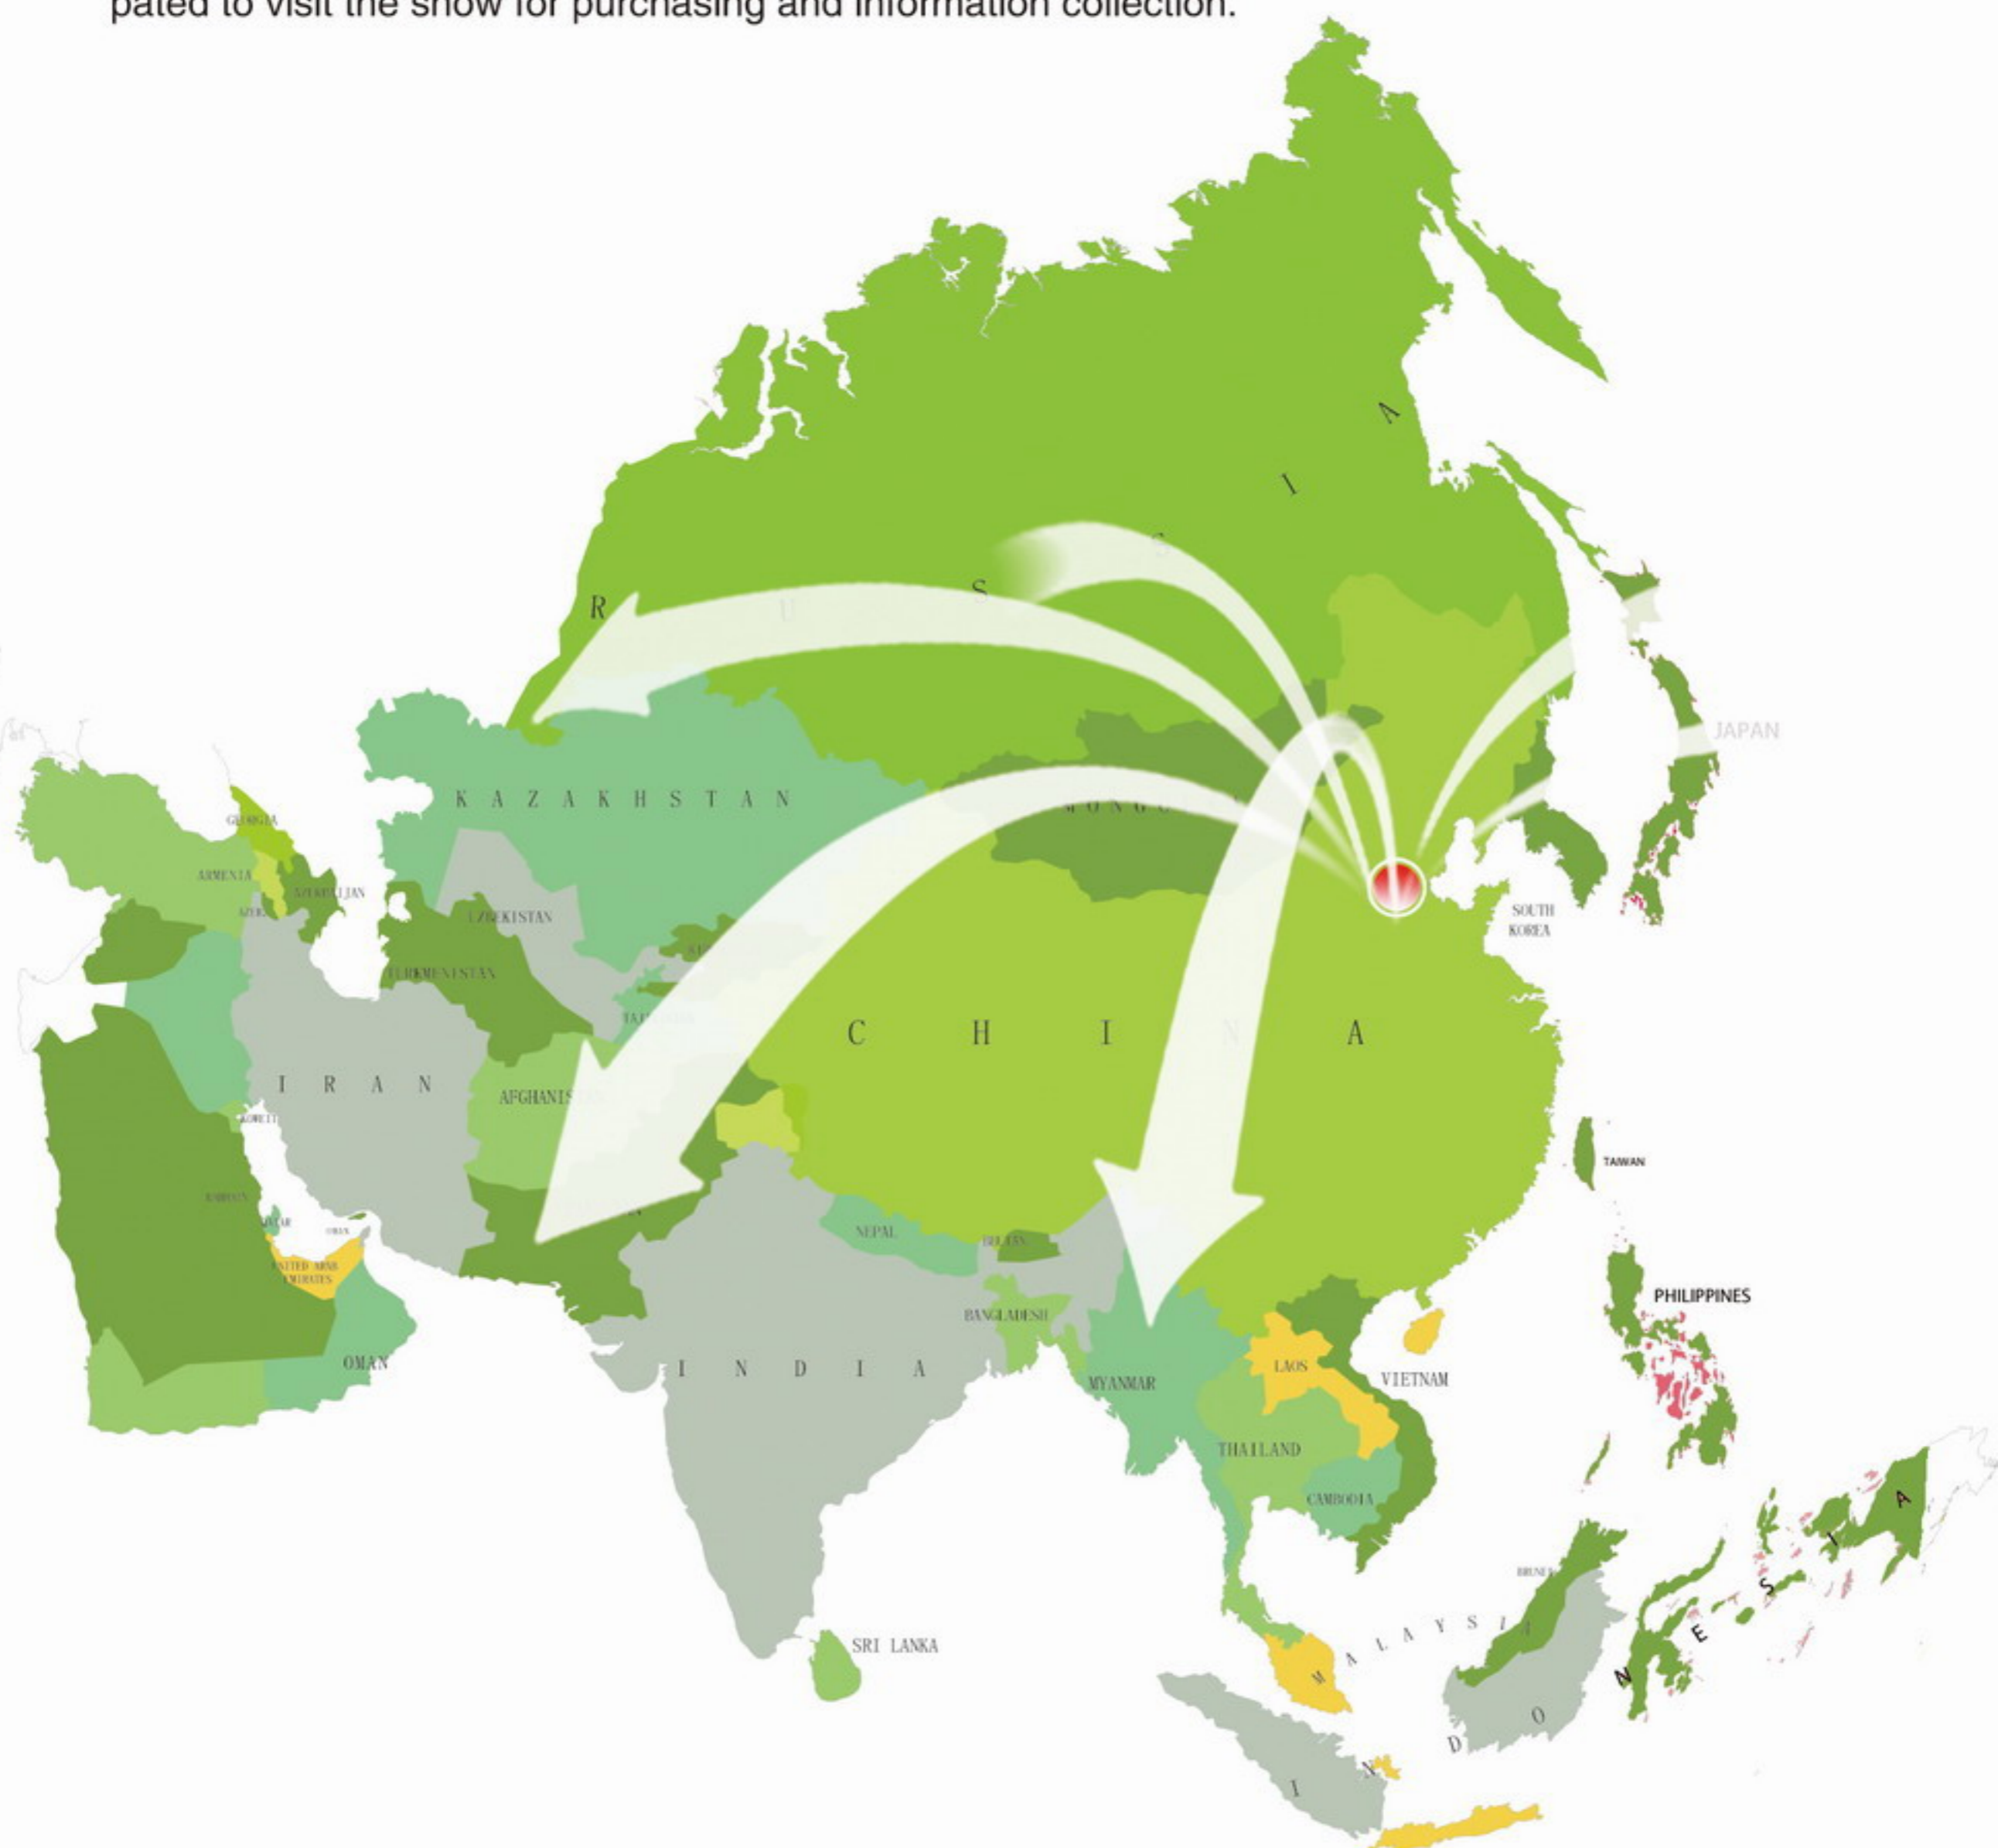

- 1、塑料原料：工程塑料，通用塑料等
Plastics materials: general plastics, engineering plastics, etc.
- 2、塑料辅料：塑料助剂，添加剂等
Plastics auxiliary materials: plastics additives, color masterbatch, etc.
- 3、塑料配混改性造粒设备及技术：单、双螺杆造粒机，混炼机、往复式混炼机等
Plastics compounding and modified technologies: single/twin-screw pelletizers, kneaders, stroking kneaders, etc.
- 4、塑料配混改性造粒相关辅助设备：计量喂料机、模温机、中央供料系统、检测设备等
Auxiliary equipments: robots, mixers, dryers, chillers, testing equipments, etc.
- 5、塑料成品及半成品
Plastics semi/final-products

市场覆盖范围 Market Coverage

CIM2012和CPM2012将汇聚400余家来自国内外的领先企业，预计展出面积近30000平方米，25000余家主要来自中国北方及周边国家和地区的海内外买家将与会采购。

CIM2012 and CPM2012, occupying an exhibition area of nearly 30,000 m², will get together more than 400 exhibitors from home and abroad to participate in, and over 25,000 buyers mainly from Northern China and neighboring countries and regions, are anticipated to visit the show for purchasing and information collection.

观众来自的行业 Visitors Come from

参观企业来自汽车零部件、电子产品、家用电器、医疗、食品、饮料、日用化学、日用品、体育用品、服装、服饰、礼品、工程配件、建筑材料、装修材料、包装印刷、塑料包装及容器、塑料橡胶机械、模具及零部件等行业及化工科研单位、各大专院校、相关行业协会、新闻媒体、投资贸易机构等相关行业。

Visitors will come from industries of auto parts and components, electronics, home appliance, medical devices, and others from food and beverage, daily-used chemical, sports products, garment, presents, engineering parts, building materials, fitment material, packaging and printing, plastics packaging, plastics and rubber machinery, moulds and components, and so on. Chemical scientific and research units, universities, industry associations, press medias and invest business organizations will be also invited.

服务项目 Activities

现场讲演 Presentation

展会现场活动是一种更节约、更便利、更有效的沟通渠道，每一个参展企业都将拥有30 – 45分钟的时间作为新品发布、技术研讨、交流，通过现场讲解音视频及其它流媒体相结合，以展示企业形象，发布新产品、新技术，实时解答客户所提出的技术问题等。让您不但能看到实物表演，也可以通过交流更加了解参展企业的产品和加工技术及材料应用。

The activities on site are a more economical, convenient, and effective communication channels. If you want, every exhibitor can have a presentation for 30–45 minutes for new products' publicities, technical seminars, and communications. Exhibitors can display companies' images, release new products & new technologies, real-time response to technical problems through the on-site combining of audio and video, and audiences can accept the contents intuitively.

同期培训 Training

为解决注塑生产过程的技术问题，展会同期将举办“注塑问题诊断”高级培训班，由行业资深讲师分别讲演“注塑外观问题诊断”和“注塑变形问题诊断”。本课程将以实例讲解解决问题应当遵循的原则和方法，依此行之，80%的问题都将消除于未成形之前。

经由本届大会参展商推荐的行业专业听众，可享受优惠价。

In order to solve the problem during injection moulding production process, committee will organize an advanced training course – “Diagnosis on Injection Defective”, in which an industrial senior lecturer will give speeches respectively on “Diagnosis on Plastic Surface Defective”, and “Diagnosis on Injection Moulding Deformation”.

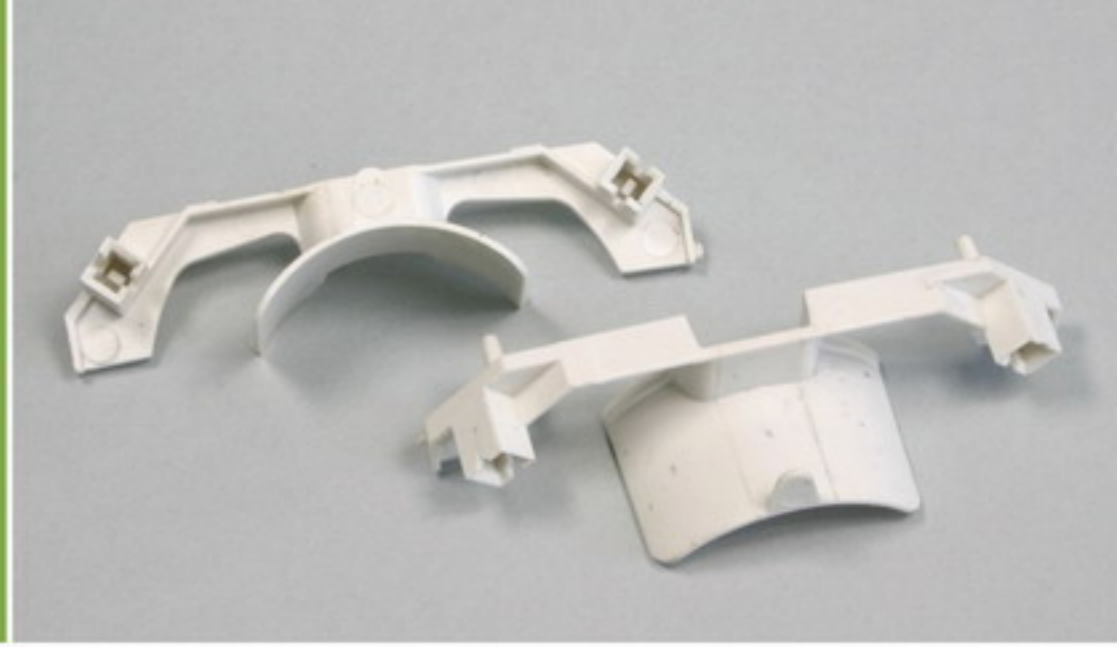

同期活动及相关会议 Other activities and Symposiums

注塑技术在电子和医疗行业应用研讨会

Symposium on the Appliance of the Injection Moulding Technologies in Electronics and Medical Industry

塑料材料及注塑技术在汽车零部件工艺中的应用研讨会

Symposium on the Use of Plastics Materials and Injection in Auto Accessory Technologies

特色专区 Characteristics Zone

新材料、新技术专区 New Materials and Technologies Zone

展示塑料橡胶在各领域的应用，推进国内外塑料橡胶高新技术的产业化进程，解决科技成果与市场对接的瓶颈问题，为塑料橡胶应用企业提供一个寻求新材料、新技术、开发新项目、开拓新市场的平台。

Provide a platform for seeking new materials, technologies, programs and markets; showing the application of plastics and rubber in various fields; Promoting high-tech industrialization process; and solving the bottlenecks of connection between technologies and markets

二手设备交易、维修改造专区 Second-hand Equipments Zone

主要为行业提供塑料橡胶二手设备交易服务，包括二手设备供求信息、设备报价和资讯服务等，为行业企业搭建实用供需平台。

Provide Second-hand equipments' supply and demand information, quotations and services

人才交流专区 Talent Exchange Zone

提供人才的供求信息，促使塑料橡胶行业人才能够充分发挥其作用。

Provide talent supply and demand information

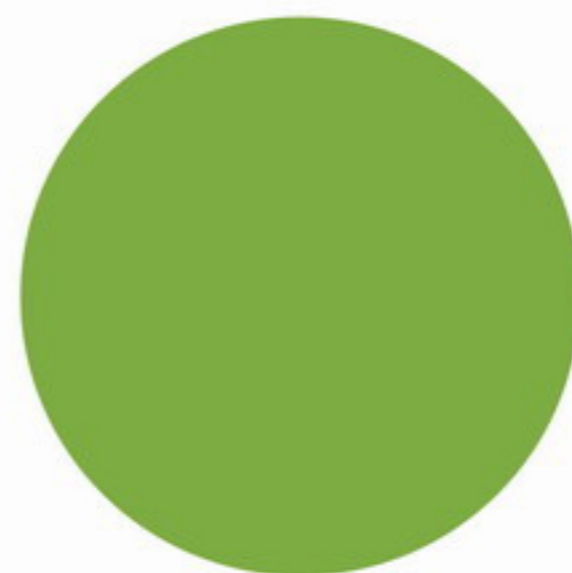

Tip: 对以上各活动，如有感兴趣的企业，请与组委会联络。
